DR. H. R. HARROWER GIVEN INTERVIEW WITH HARDING

Glendale Man Tells of His Visit to President and About Business Trip

Dr. Henry R. Harrower returned Saturday from a brief visit and business trip to New York City, Philadelphia, Baltimore, Washington and other points in the east. He very proudly tells of a visit to the White House, at which time he had an interesting ten minute conversation with President Warren G. Harding and secured from him an autographed photograph. It will be remembered that President Harding's brother, Dr. George T. Harding, visited Dr. Harrower in Glendale last month and the doctor made good use of that opportunity to get an introduction to the president.

Sunday Legislation

In his conversation with the president, Dr. Harrower mentioned the matter of Sunday legislation and secured from him an expression of opinion which was encouraging. Information from the clerk of the United States Supreme court was obtained on the same subject.

While in Washington Dr. Harrower also saw Postmaster General Will H. Hays, and following his interview was taken to see the First Assistant Postmaster General, Dr. Hubert Work, and the Second Assistant Postmaster General, Mr. Shonts, the latter in charge of the railway mail service.

He also saw the chief of the department of postoffice service, Mr. Spillman, who was quite non-commital about acceding to the request of the people of this city for the establishment of an independent postoffice in Glendale. A detailed explanation of Mr. Spillman's attitude will be given out later.

Stops Alleged Infringement

The chief aim of Dr. Harrower's trip was to stop the alleger infringement of a copyright by the Philadelphia Capsule company, an organization which has been making use of some of the local laboratories literary production. While the matter was tentatively settled without court intervention, it is understood that promises have been made in writing, which if broken will automatically lead to a lawsuit.

An interesting sidelight on the personality of the president is provided by his visitor in regard to their conversation about Dr. Harding. The former said:

"My brother is a very fine man, and an especially capable one, too. Quite a little like his brother," the chief executive added with a whimsical smile.

W. J. Lacy Stricken by Death While Camping

The sudden death of W. J. Lacy of 110 East Chestnut street, while on a camping trip at Mokelumme Hills, is a great shock to his many friends. Mr. Lacy was 47 years old and has lived in Glendale for the last seventeen years. His death followed a severe hemorrhage which was due to a weakness of the lungs following a severe attack of influenza two years ago. The deceased leaves a widow, a brother, George Lacy of Los Angeles, and a sister, Mrs. Lucy De Witt of Colorado. Funeral services were held this afternoon at 2 o'clock at the Jewel City Undertaking parlors, and interment was made at Forest Lawn.

Mrs. Colin Cable Is Hostess to 12 Friends

A very pretty luncheon was served Wednesday noon at the home of Mrs. Colin Cable, 505 S. Columbus avenue. The table was centered with Shasta daisies and white iris, and covers laid for twelve. The afternoon was spent informally with music and conversation as the chief entertainment.

Those who enjoyed the affair were Mrs. Minnie Patterson, her house guests, Mrs. English, Mrs. Oliver and Miss Ethel Oliver, Mrs. A. S. Chase, Mrs. Merrill Russell, Mrs. William Farlander, Mrs. LeRoy Bosserman, Mrs. Ed Yard, Mrs. George Lyon and Mrs. Mambert.

Mrs. J. F. Cannaway Is Visiting In Glendale

Mrs. J. F. Cannaway of Spokane, Washington, is the guest for a few days of Mr. and Mrs. F. C. Weller and Mr. and Mrs. W. E. Lee of 345 North Belmont avenue. Mrs. Cannaway is on her way home from Phoenix, Arizona, where she has been visiting her daughter, Mrs. F. E. Barton. Mrs. Barton is well known in Glendale where she has enjoyed many pleasant visits.

Free Bicycles Being Given to Boys, Girls by The Evening News

Boys and girls!

Here's your chance to become the real owner of a brand new Harley-Davidson auto bike, the bicycle you have heard so much about!

And it isn't going to cost you a cent—all that you have to do to get one of these beauties is to obtain twenty yearly new subscriptions, or their equivalent to The Glendale Evening News. And that's easy, too.

This wonderful offer starts right now—today, and the quicker you get out and get twenty of your friends to take The Glendale Evening News the sooner you will be riding around town on your new bicycle.

There is no impossible condition—the beautiful bicycle is yours just as soon as you turn in the twenty orders. The sooner the better—turn them in tomorrow and ride away on your coaster brake auto bike.

These "bicycles with the national reputation" are being sold all over the country for $65.

Just think of it. Sixty-five dollars for a few days' easy work.

And there is absolutely no danger of your getting "beat out" of anything by other boys or girls. You don't have to be the first, nor even one of the first ten, to secure the subscriptions.

This paper's circulation department has an unlimited supply of these super-bicycle creations, and you are assured of getting one for turning in the necessary orders.

Better get busy today and see A. T. Blanford, manager of The Evening News bicycle subscription club and get started toward getting the bike!

It's easy to get subscribers to The Glendale Evening News and before you hardly realize it you will have enough subscriptions to permit you to ride away on a $65 bicycle.

Now turn to page six and read about the bicycle offer.

MOON FESTIVAL TO BE PRESENTED BY HILL TRIBES

Chamber of Commerce Asked to Give Support; Notes of Tujunga Section

A "Moon Festival" to be given by the Verdugo Hill Tribes, September 2 to 8, was announced in Glendale today by E. T. Theobald, president of the Tujunga Chamber of Commerce. He called on Secretary James M. Rhoades of the local chamber and enlisted the support of the local organization in building up the back-country tributary to this city.

"The Millionaires' Club of Contentment" will be in session on the postoffice steps at Tujunga throughout the festival week. Addison Wells has been chosen director of the event and plans are now under way to make it one of the most unusual celebrations in the world. Possibly in no other section of the country can there be found such a group of people as those who have selected the beautiful Verdugo foothills for their home with the result that something "entirely different" can be expected from them.

Many Homes Being Built

Mr. Theobald brings a whole grist of news regarding his community in which many Glendale people are interested. G. J. Fisher has just completed a stucco building for the Tujunga drug store; Wallace Morgan has built a new home for the Verdugo Foothills Record and a bank is being organized. It is stated that 150 homes are now under construction.

A census committee is now at work to establish the fact that 2500 people reside within close proximity of Tujunga postoffice which will be a basis for the incorporation of a city. According to Mr. Theobald, 90 per cent of the residents are so well satisfied to live where natural advantages are so plentiful that not one would trade his home with his neighbor.

John Stevens McGroarty, widely known writer and author of the Mission Play, is leaving today for Europe. He will return to his foothill home in October and it is with regret that he will not be able to play a part in the "Moon Festival."

PLANS FOR CITIZENS' BUILDING

Plans and specifications have been furnished contractors for the new Citizens' building to be erected opposite The Glendale Evening News office on Brand boulevard. Bids will be opened Thursday night at 7:30 o'clock. According to Secretary James M. Rhoades the corporation has been financed, although there is a limited amount of stock left for sale.

MOTOR PARTY HOME FROM ENJOYABLE VACATION TRIP

Mr. and Mrs. R. L. Kent and Mr. and Mrs. C. H. Temple Have Great Outing

Mr. and Mrs. R. L. Kent of 522 North Central avenue and their three children, Wesley, Howard and Ethelwyn, and Mr. and Mrs. Charles H. Temple of 145 North Orange street and their two children, Marjorie and Charles, returned last evening from a two-weeks' vacation trip which included just about everything California has to offer.

On the morning of July 2 the two-car party motored from Glendale and by nightfall they had crossed the desert and reached Bishop, 280 miles away. There they stayed over Sunday and then went to L. C. Brand's lodge on Tioga road, where three days of horseback riding, boating, fishing and coasting in the snows of the high Sierras was provided by their host who has a most wonderful summer home.

Camp on Tahoe's Shore

From there the party continued to Lake Tahoe, camping on the south side of that wonderful pool near Tallac resort. So beautiful and restful was this place that the Temples and Kents lingered for four days. They resumed their motor jaunt to Sacramento, Stockton, San Jose, Big Basin and Monterey.

From the latter resort they went to Hotel Del Mar at Pacific Grove where they chartered a boat and went fishing in the bay. All of the children and the big folks, too, caught all of the fish possible. On the way back home they rested for a night at Pismo Beach Inn.

Mrs. J. N. Jones Is Up After Serious Illness

The large number of friends of Mrs. J. N. Jones, mother of Mrs. C. C. Buckley of 461 West Harvard street, will be pleased to learn that she is once more able to be up after a very serious illness. She is now at the home of her daughter, having been removed from the Mission Rest Home on San Fernando Road last week.

Mrs. H. E. Cooke Here to Visit Her Parents

Mrs. H. E. Cooke, formerly a resident of Glendale but now of Oakland, arrived here last week from the northern city to spend the summer months with her parents, Mr. and Mrs. S. F. Manson of 437½ West Dryden street. Mrs. Cooke was met here by her husband, who had preceded her coming south by two weeks.

George D. Hastings Completely Recovers

George D. Hastings of 319 West Lexington Drive has completely recovered from his recent baseball accident, which took place in a game on the local grounds several weeks ago. In sliding to a base Hastings stretched a tendon in his foot, and as a result was confined to his bed for several days.

PASTOR IS GUEST HERE

Mrs. C. Cady and Miss Martha Cox of 624 North Kenwood street had as their guests during the past week, Rev. V. F. Clark, pastor of the Congregational church of Beatrice, Nebraska, of which they were former members. Mr. and Mrs. J. P. Harden and daughter, Helen, of that city, were also guests in their home last week. Mr. Harden was the Elks representative from Beatrice at the convention.

SOCIAL CLUB TO MEET

Mrs. G. W. Ball of 516 North Central avenue, assisted by Mrs. Edward Kretchner, Mrs. Thomas D. Watson and Mrs. M. B. Dewar will entertain members of the social club of Glen Eyrie, O. E. S., at a luncheon to be given at her home Wednesday at 12:30 o'clock. She extends an invitation to all Eastern Star members who will accept before Tuesday night.

SUM OF $67 IS STOLEN

When C. Baker, proprietor of the Baker Ford Rental company on Broadway and Louise street, stepped out of his office for a few minutes on Saturday night his money till was opened and its contents, $67, were extracted. The robbery happened between 10:30 and 11 o'clock, a little while after two men had been in the office and hired a machine. Mr. Baker states that he was only out of his office fifteen minutes.

MISSIONARY, THIRTY YEARS IN CHINA, VISITING HERE

Miss Kate Ogborn Is Guest of Her Sister, Mrs. Alice Noel, 465 W. Windsor Road

Miss Kate Ogborn, who spent thirty years in China as a missionary in the Methodist Episcopal church's foreign mission field, has returned to the United tSates on a year's leave and is now a guest of her sister, Mrs. Alice V. Noel of 465 West Windsor road.

Miss Ogborn will enjoy the summer months in Southern California and gain a complete rest from her strenuous duties at Wu Hu.

The visitor has built a mission school at that city and tells many interesting stories of Asiatic life. Several years ago she left Wu Hu, which is noted for its tropical climate, to spend the summer in the mountains. After several months she returned to find her school and valuable library in ashes.

Through Boxer Uprising

Earlier in her missionary career Miss Ogborn went through the Boxer uprising and finally was forced to flee the country after having been protected at the American consulate in Shanghai for a time.

During her stay here the visitor may be importuned to appear before the local missionary societies and give their members first hand information on the work being done in China.

Group of Local Folk Return From Outing

A group of Glendale people returned from an unusually delightful camping trip Friday night. The party filled two machines. Mr. and Mrs. N. L. Westbrook and twin daughters, Heloise and Evelyn of 235 North Adams street and Miss Bertha Cole occupied one car. Mr. and Mrs. F. E. Cole and Philip W. Cole of 1471 East California the other. They left July 3 and drove to the Yosemite via Wowona and Mariposa grove.

After a week's camping they came out over the new Tiota Road, being among the first few machines to use the new road before its official opening. They made short stops at Mona lake and Silver lake, enjoying the fishing and hunting to be found along the route. They encountered a good deal of snow going over the mountains and are now wishing they could have brought some back to Glendale with them.

Mr. and Mrs. A. Barton and Son Enjoy Trip

Mr. and Mrs. A. A. Barton and son, Arthur, of 630 North Howard street, have just returned from a two-weeks' camping trip during which they covered over 417 miles. Leaving July 1st they went south to Oceanside, then inland to Ramona and four miles beyond where they pitched their tent at Rancho Del Ray, owned by J. E. King, an old friend of Mr. Barton's.

They camped there for two weeks, enjoying all the eggs and fried chicken they could eat and on July 14 drove on to San Diego and La Jolla, camping on the bluff above Carlsbad overnight. They returned via San Juan Capistrano, spending two days at the camping grounds at La Jolla Hot Springs. There were no unpleasant incidents to mar the pleasure of the trip and the whole family returns in fine spirits.

Gordon A. Clayton Is on Auto Camping Trip

Gordon A. Clayton of 200 South Orange street left this morning via automobile for a two-weeks' camping trip through northern and eastern California. He was accompanied by two young men friends from Los Angeles. The party expects to live entirely in the out doors, camping along the roadside every evening.

The present plans are to go as far north as Lake Tahoe, where they intend to spend three or four days fishing.

Mr. and Mrs. Andrews' Young Son Is Called

Clinton Wallace Andrews, Jr., son of Mr. and Mrs. C. W. Andrews of 222 South Glendale avenue, passed away at the home of his parents on Sunday morning at 1 o'clock, at the age of 2 months and 14 days. Funeral services were held at 1 o'clock this afternoon at the parlors of the Jewel City Undertaking company, interment at Forest Lawn Memorial park.

Today's World News In Brief

(By United Press to Glendale Evening News)

LOS ANGELES MAN NAMED U. S. TRADE COMMISSIONER

WASHINGTON, July 18.—J. W. Sander, Los Angeles, today was named American trade commissioner to Melbourne, Australia, it was announced at the commerce department. Sander, who has just returned to Washington from the far east where he conducted a two year survey of advertising methods, succeeds A. W. Ferrin, now on his way back from Melbourne.

U. S. IS AWAITING REPLY FROM JAPANESE OFFICIALS

WASHINGTON, July 18.—The state department today was awaiting word from Tokio on its reply to the Japanese query concerning the scope of the joint disarmament-Pacific affairs conference. A prompt reply by Japan would bring the communication to Washington today, but there is no disposition here to hurry the Japanese. Advices here show that there is a conflict in Japan over the course the nation should pursue. The liberal elements are contending for entrance into the parleys. Other elements fear that Japan by entering will lose what she has gained in the far east as a result of her participation in two wars.

BLACK SOX DEMAND CONFESSIONS BE THROWN OUT

CHICAGO, July 18.—The Chicago "black sox" came to bat today with a demand that their confessions be thrown out of court. Repudiation of the statements signed by three of the seven stars outlawed from baseball came as soon as Umpire Hugo Friend, criminal court judge, shouted "play ball!" Real fire works of the trial of seven former idols of the Chicago White Sox charged with conspiracy to throw the 1919 world series with the Cincinnati Reds started when Attorney James E. ("Ropes") O'Brien and other pinch hitters for the accused, moved the confessions be ruled out. Pinch Hitter O'Brien launched into a lengthy argument why the twelve score keepers in the jury bleachers should not consider the statements signed by Eddie Cicotte, "Lefty" Williams and "Shoeless Joe" Jackson.

WOMAN, TAKEN FROM HOTEL, TARRED AND FEATHERED

KANSAS CITY, Mo., July 18.—The law of the tar bucket and blacksnake ruled in the southwest during the week-end, according to reports here today. A woman was tarred and feathered Saturday night. Mrs. Buelah Johnson, who has been charged with bigamy, was taken from the porch of a hotel at Tenaha, Texas, by masked men in white uniforms, and after being removed to a secluded spot in the country, was tarred. Her clothing was removed before she was punished. Richard Johnson, 70, was taken from his wagon at Warrensburg, Mo., by three armed, masked men, his clothing torn off, and flogged. A family quarrel was reported to have been responsible for the affair. A man named McKnight was beaten at Timpson, Texas, by masked men. No arrests were made in connection with any of the cases.

OPEN WARFARE NOW THREATENS POLAND AND RUSSIA

COPENHAGEN, July 18.—Enmity between Poland and Russia threatened today to burst into open warfare. Both countries were reported mobilizing. Poland called up the classes of 1885 and 1894. The Russians were said to have mobilized seven classes. The service to which the latter will be called was not known, but there were reports that the soldiers might be sent into action along the frontiers. Followers of Russian affairs also considered the possibility that the fighters might be sent to Asia Minor to assist the hard pressed Kemalists. The Polish government has made formal answer to Russia's ultimatum calling for the suppression of anti-bolshevik leaders in Warsaw, notably M. Savinkoff. The Poles declared they did not countenance the anti-soviet activities of any man or group but that the country reserved the right to offer political asylum to refugees.

N. Y. STOCK MARKET IS LIFELESS AT OPENING TODAY

NEW YORK, July 18.—The stock market was lifeless at the opening today. Trading started slowly and the general tendency was lower. A break in sterling which carried it to $3.60¾, the lowest since January 6 of this year, was a noticeable unsettling factor. There was a continuation of pressure on steel stocks. United States Steel was off ⅜ at 71¾ and Crucible lost ¼ at 52¾. Rails were fractionally lower. A block of 1800 shares of Atlantic Gulf was taken from 21½ to 21, off ¾ to ¼. Baldwin lost ¼ at 73. Mexican Petroleum was up ¼ at 104¼. Mexican Petroleum was the leader during the forenoon, getting up to 107½, an overnight gain of three points. Atlantic Gulf continued heavy with sales below 20. Studebaker was slow in opening, the first sale occurring at 10:45 when the price was 79¾, up ¾. The action of the Studebaker stock was accepted by some traders as bearing out stories that nothing will be done in the way of an extra dividend at the meeting late this month.

PREMIER LLOYD GEORGE CONTINUES CONFERENCES

LONDON, July 18.—Premier Lloyd George, continuing today his conferences on Irish peace, faced the problem of blending the orange and the green. Lloyd George's separate conversations today with Premier Sir James Craig of Ulster and "President" Eamon De Valera were believed to mark the turning point in the peace negotiations. Those close to the situation watched the conferences with a great deal of anxiety. Although there was a belief that there was only a remote chance of failure, it was conceded that there had been no indication that any headway had been made by Lloyd George. First he was to meet with De Valera in a continuation of the conferences of last week. Later he expected to see Craig. From the two sessions Lloyd George expected to obtain assurances which would lead to a general peace conference. De Valera offered little hope to British officials when feelers were thrown out as to the possibility that he would meet a representative of Ulster. The British were rebuffed with the statement by the "president's" followers that only De Valera can represent Ireland. Over Sunday the Irish representatives were lionized by their sympathizers here. In Ireland, the quietest week-end in two years was reported. There was growing hope of peace in Belfast and there were no outbreaks. As a precaution troopers still patrolled the streets.

W. E. EVANS RETURNS FROM VISIT TO FORMER HOME

Calls on Kentucky Friends and Is Also Received by President Harding

Twenty-five business men are to write letters to Dr. Hubert Work, first assistant postmaster-general at Washington, D. C., enforcing Glendale's request for an independent postoffice, according to a plan set forth today by James M. Rhoades, secretary of the Chamber of Commerce. Through this means it is expected to get immediate action on the petition signed by more than 2000 citizens emphasizing the need for regular postoffice service here in a city of 20,000 inhabitants.

Attorney W. E. Evans of 333 North Orange street has returned to his summer home at Hermosa Beach after a month's business trip which took him to New York and Washington. On his return he visited his old Kentucky home.

A week was spent in New York attending to legal business after which Mr. Evans went to Washington where he had the pleasure of meeting President Warren G. Harding, Postmaster-General Will H. Hays and other dignitaries, including Congressman Walter F. Lineberger of the Ninth district who accorded his friend from home every courtesy.

With the latter official Attorney Evans presented Glendale's almost unanimous petition for an independent postoffice to Dr. Hubert Work, first assistant to Mr. Hays, and the latter also heard the reasons why this city should have increased facilities and better mail service.

Lineberger Is Active

Congressman Lineberger told the postal officials that his own investigation had led him to the conclusion that an independent postoffice was essential for Glendale and that they would hear from him until the day a postmaster began to give this city the personally responsible service so necessary to any organization.

Mr. Evans states that both the congressman and his secretary, Miss Ethel Barker, are diligently on the job and that Mr. Lineberger stands high with Speaker Gillette and Senators Johnson and Shortridge. All of which means the Ninth district will likely get its due.

Dines with Vice-President

It was Attorney Evans' privilege to dine in the Senate chambers with Vice-President and Mrs. Calvin Coolidge, who are quite popular for their democratic mode of living.

A spirit of retrenchment marks the entire administration and there is hope that the cost of government will be greatly curbed.

In his visit to London and Lexington, Ky., Attorney Evans found it very hot and dry, but there is plenty to drink, he added. Which likely means the old Green river is still flowing. As usual with all returning tourists, this trip has made Glendale look better than ever in comparison with the east.

Foster Bridge Club's Birthday Is Observed

The Foster Bridge club met Friday at the home of Mrs. W. W. Ramsey of 137 South Adams street. This month marks the second anniversary of the founding of the club and following the play Mrs. Ramsey surprised her guests when she brought forth a beautiful birthday cake with two glowing candles.

Those who form the club include Mrs. Helen Campbell, Mrs. C. E. Norton, Mrs. Mabel Rudy, Mrs. Helen Sawyer, Mrs. A. H. Montgomery, Mrs. E. W. Hayward, Mrs. A. H. Lapham and Mrs. Ramsey.

David Pitner Taggert, Age 7, Dies Suddenly

David Pitner Taggert, son of the late Clarence M. Taggert, passed away yesterday at his home, 525 South Louise street, at the age of 7 years and 5 months. He had been ill only two days. His death has been a shock to the many friends he had made, as he was a very popular little fellow. He leaves his mother, Mrs. Winifred Taggert and grandmother, Mrs. Pitner. Funeral services will be held tomorrow afternoon at 2 o'clock at the parlors of the Jewel City Undertaking company, interment in Inglewood.

EN ROUTE HOME FROM CHINA

Mrs. George G. Neil of 360 West Colorado boulevard entertained over the week-end Ralph E. Towle, who is on his way home to New York after an extended trip in China and the far east. Mr. Towle left today.

LOCAL EXHIBITS TO BE FEATURED AT VALLEY'S FAIR

Chamber of Commerce Names E. F. Sanders to Direct Displays for Glendale

Proof that Glendale is the metropolis of the San Fernando valley is to be afforded in local exhibits at the San Fernando fair this coming September, according to E. F. Sanders, chairman of the local Chamber of Commerce committee named for that event.

"We want the people to know what type of stores we have, what products are made here and what enterprise is to be found in Glendale," said Mr. Sanders this morning in revealing his plans to make this city dominant in the great valley event this year.

"Already I am meeting with response from local manufacturers and business men in the reservation of space and I expect to have practically all of the 'live wires' represented in some manner. It is a great opportunity to let the world know we are on tiptoe.

Advertisement For Valley

"It will be a great advertisement throughout the valley and southern California as well to have Glendale's spirit shown in a proper light at this fair for it will be second only to the state fair in Sacramento."

Mrs. Ella W. Richardson of 317 North Brand boulevard has accepted the position of chairman of the domestic science entries for the fair and she has already taken up the work with a will, according to Mr. Sanders. The latter is devoting a great deal of his time in creating enthusiasm for the fair, which is six weeks away.

Burbank Choral Club Has Annual Election

The members of the Burbank Choral club, which is one of the leading musical organizations of that community, held their regular monthly meeting on Thursday night of last week at the grammar school auditorium. After the usual business had been transacted by the body the annual election of officers was held. The following ladies were chosen by the members to guide the destinies of the society for the coming season: President, Mrs. Mattie Craig; vice-president, Mrs. Edward Pomeroy; secretary, Mrs. Elizabeth Knox; treasurer, Mrs. Edith Jones; librarian, Mrs. Albert Ricketts; directors, Mesdames Helen Allen, Mary B. Yale, E. E. Emerson and H. R. Caldwell.

Mr. and Mrs. F. Mellus Entertain House Guests

Mr. and Mrs. F. H. Mellus of 355 West Lexington drive have been entertaining as their house guests Mr. and Mrs. Frank M. Newbert of Sacramento. Mr. Newbert is president of the fish and game commission of California. Sunday afternoon and evening Mrs. Mellus entertained in their honor with one of her famous out-of-door parties with barbecued chickens as the chief feature of the evening feast.

The guests were Mr. and Mrs. L. R. Mellis, Mr. and Mrs. Bert Williamson, Mr. and Mrs. O. A. Switzer, Mr. and Mrs. Earl Burnham, Mr. and Mrs. William E. Smith, Miss Helen Middlecamp and Mr. and Mrs. Frank M. Newbert.

BAND DIRECTOR AT ELKS

The officers of the Glendale Elks' lodge were honored yesterday with a visit by A. G. Paschke, director of the famous B. P. O. E. band of Everett, Washington. This is the organization which won second prize among a large number of bands at the convention in Los Angeles last week; and most of the credit is due to Mr. Paschke, who is regarded as one of the best leaders in the west.

Other visitors at the local lodge yesterday were: E. P. Shea, Decorah, Iowa; Fred T. Osborn, Virginia City, Montana; Ed M. Cody, Peoria, Illinois; James D. Matthews, Trinidad, Colorado; E. G. Kihmurray, Roton, New Mexico; Irving Davis, Berkeley, California; Charles P. Randall, Salt Lake City, Utah; M. A. London, San Francisco, California.

R. K. Snow of 609 North Maryland who has just returned from a three-day fishing trip off Catalina Island has a thrilling fish story to relate. Last Wednesday with his family he boarded the good boat "Ruth" under the direction of Captain Sam Goulding and by Friday evening had safely landed his fourth tuna. Each one of the big fish weighed between ninety and ninety-six pounds. It is the best fishing trip he ever took and the whole Snow family has returned in high spirits.

Scientist Church Is Painted, Decorated

The members of the First Church of Christ, Scientist, were greeted with a pleasant surprise yesterday when they entered their house of worship on Maryland and California avenues. During the preceding week both the inside and outside of the already beautiful edifice had been repainted and redecorated, making it one of the most attractive buildings in Glendale.

In Southern California

Roscoe Sarles Champion

Roscoe Sarles is world's champion sprint driver today.

Sarles, in his gray Duesenberg, roared ahead to three straight victories over Tommy Milton at Beverly Hills Speedway yesterday. In addition to settling the disputed title, Sarles won a purse of $10,000.

Sarles won the first heat, 10 miles, in 5:45 2-5, an average of 104 miles an hour; won the second heat, 10 miles, in 5:33 1-5, average of 108 miles, and won the final heat, 25 miles, in 13:55 1-5, average 107.8 miles.

Strike at Picture Studios

Union carpenters, painters and electricians refused to report for work today at the Goldwyn, Fox, Hal E. Roach and Century motion picture studios, following announcement of a wage cut.

The cut, put into effect by the Motion Picture Producers' association, reduced the day scale from $8 to $7 a day, according to Secretary W. J. Reynolds.

The strike is expected to result in the temporary shutdown of a majority of the studios affected.

Prevents Probable Accident

Patrolman E. W. Riggles of Santa Monica yesterday saved a score of lives when he grabbed the steering wheel of an automobile driven by an alleged drunken naval aviation officer. With three other flyers who had taken part in yesterday's speedway events, they were endangering the lives of pedestrians in a wild motor ride.

Towns Must Bear Label

Small towns must be properly labeled in the future.

Automobilists driving through villages that look alike will soon be able to tell them apart.

According to orders received by the Los Angeles postoffice today from Herbert Work, first assistant postmaster-general, all postmasters must conspicuously display the names of their respective towns above the postoffice.

The order was given to aid automobilists.

Rangers Fight Two Fires

Two bad fires were reported to forest service in Los Angeles today.

A fifteen-acre fire is burning in timber in the Baldwin lake district, while a 100-acre brush fire was reported in at the same time from West Etiwanda.

Rangers are fighting both blazes.

Film Actress Is Injured

Jean Riley, 19-year-old film actress injured in an automobile smash late yesterday, will probably die, surgeons at the Methodist hospital in Los Angeles said today.

Miss Riley sustained a broken nose, severe lacerations and a possibly fractured skull.

She was riding with her husband, W. F. Mooney, at the time of the accident. The actress sued for divorce on June 29, but a reconciliation was since effected.

Confesses to Murder

C. W. Anderson today confessed to the murder of John Armanda, according to the sheriff's office in Los Angeles.

Armanda was shot and killed at the Montebello oil fields yesterday morning, after an altercation with Anderson.

Both men were employed in drilling operations.

The World Today

By H. NELSON

Manager, Glendale Avenue Branch, Los Angeles Trust and Savings Bank

HERMAN NELSON

The third call during the present year for statements of condition of all national banks in the United States, as of June 30, has been made by the Comptroller of the Currency.

The statements of The First National Bank of Los Angeles and the Los Angeles Trust and Savings Bank show deposits aggregating $110,272,521.75. This is an increase over the figures of June 30, 1920, of $21,023,084.69.

The aggregate resources of the two banks under this call are $131,147,376.29, an increase of $21,855,359.04.

Through a recent increase in the capital stock of The First National Bank of Los Angeles, carrying an equal number of shares of the stock of the Los Angeles Trust and Savings Bank, together with the increase in profits from operations, the capital, surplus and undivided profits of The First National Bank of Los Angeles now amount to $7,502,849.12, and those of the Los Angeles Trust and Savings Bank $5,704,892.60,—an aggregate of more than $13,000,000.

The statement of The First National Bank of Los Angeles evidences the relatively prosperous condition of Southern California, as there are few, if any, commercial banks in the United States having more than $50,000,000 in deposits that do not show a reduction in those deposits.

Of the aggregate resources of $131,147,376.29, the statement of condition of the Los Angeles Trust and Savings Bank showed $67,323,869.46. From such a showing it can be readily seen that the thirteen branch banks of the Los Angeles Trust and Savings Bank are in a splendid position to render a service in their respective communities such as is not usually afforded a small bank.

The law limits the proportion of a bank's capital which may be loaned to any one customer. A bank serving a small community or a local district in a city cannot afford to have a capital of any considerable size. Therefore its ability to loan to any party must necessarily be confined within small limits.

Inasmuch as branch banks are component parts of the parent institution, such branch banks are limited in their loans only by the size of loans which the main bank can make. The thirteen branches of the Los Angeles Trust and Savings Bank, backed by large resources, are therefore adequately equipped to take care of the credit demands of the communities in which they are located.

Of the thirteen branches, six are located in Los Angeles and seven in nearby communities, as follows:

City Branches—Pico and Grand; Second and Spring; 1835 South Main; Seventh and Central; Eighth and Olive; Wilshire, Ambassador Hotel, and 6611 Hollywood Boulevard.

Out-of-town Branches—Union Trust and Savings, Colorado and Raymond, Pasadena; Avalon, Catalina Island; Huntington Park; Brand Boulevard Branch and Glendale Avenue Branch, Glendale; and Huntington Beach.

LICENSE ORDINANCE GIVEN TRADESMEN AT EAGLE ROCK

All Business Houses to Be Compelled to Pay if Measure Is Adopted

At a recent meeting of the Eagle Rock city trustees that body went on record as being in favor of the adoption of the business license ordinance, which will compel all business owners within the city limits to pay fees for the conduction thereof. The measure, which has been drawn up for the double purpose of raising revenue and to aid local merchants, will be brought up at this week's trustees' meeting when it will probably be adopted.

In the proposed license figures the largest fee to be charged will be that of $300 for pool halls and bowling alleys. The dairymen are "let off" most easily by the ordinance, their yearly fee being placed at $3.

Collects $6000 from Speeders

The city treasury of Eagle Rock has in its possession the sum of $6000, which has been collected during the past several months through infractions of the state speed laws within the city limits. As Eagle Rock is not a regularly incorporated city all of its fines which are collected from traffic law violators must be turned over to the county treasury.

In due time the county authorities will revert the funds back to Eagle Rock and it must then, according to state laws, be spent on the repairing of "through" roads. Eagle Rock will use its $6000 on the building up of Colorado boulevard.

Ford Agency to Build

John G. Caddell, of the recently-organized Eagle Rock Ford agency, announced last week that his concern is making plans for the erection of an exclusive sales and service building in the near future. The structure, which will be built of brick, will be located on Colorado boulevard. Its value has been estimated at $30,000 to $40,000. The building will be started, Mr. Caddell states, within the next sixty days.

Mrs. Nanno Woods Is Hostess to Children

A happy party Friday afternoon brought to a successful close the children's summer dancing class conducted by Mrs. Nanno Woods at her home studio, 122 West Milford street. Before a group of mothers and little friends the pupils demonstrated their skill in dancing the fox-trot and simple waltz. Then followed the Irish jig. Dramatic expression and physical grace were displayed in the Danish Dance of Greeting and in a dramatic rendering of "Hark, Hark, the Dogs Do Bark," new dramatic material being studied by Mrs. Woods at the University of California this summer.

The remainder of the afternoon was spent in the cool, shady garden where ice cream was served to pupils and guests. Twenty children accompanied by their mothers bade adieu to Mrs. Woods, all planning to resume their dancing studies when the fall class opens.

CHRIST IS CURE FOR UNREST IN WORLD, SAYS PASTOR

Asserts Duty of People Is to Labor With Church to Improve Matters

The Sunday morning congregation at the First Methodist church listened to an interesting and instructive sermon by the pastor, Dr. C. M. Crist, the subject taken from the historic words uttered by the Greeks to the Evangelist Phillip: "Sir, we would see Jesus." Said Dr. Crist:

"Christianity was never more honored than at the present time. Christianity goes at its face value the world over. This much cannot be said of some phases of Christianity, however. There is a great deal of counterfeit that does not find favor. Never in the history of mankind was there a greater need for a savior. Never was there so plain, so apparent, a sufficiency in Christ for mankind's needs, no age in which Jesus has more in store for his followers than today.

Promise of Rest

"Unrest is dominant, almost universal, both in society and in the individual, but Jesus continues to say, 'Come unto Me all ye that labor and are heavy laden and I will give you rest unto your souls.' The promise is to those that labor. Some misquote this text. I once saw it in printed form hanging on the wall of a place of worship: 'Come unto Me all ye that are weary and heavy laden,' but that is not the promise. Your duty is to labor with the church to make conditions better and then you can claim the promise.

"This age is not only restless but ambitious. To such as have ambition Christ says, 'Seek ye first the kingdom of heaven,' and again, 'No good thing will I withhold from them that walk uprightly.' We are living in an age of great wickedness and indulgence. But the bright side of it is that we have a great savior. Our confidence is that we have what the world needs. And it is our supreme duty and privilege to give the world a vision of Him through our lives.

Show Christ to World

"Not only can they see his beauty in the Psalms and the Gospels but it shall be possible that they can also read it in our lives. Christ living in us, as experienced in the new birth, that miraculous change that Christ so clearly taught to Nicodemus, a leading churchman.

"We should show Christ to the world by a life of goodness, a consistent, upright, daily walk. Just as Christ went about doing good, show Him by being thoroughly in earnest, wholehearted. We must be consecrated to give to the church all that we have, all that we are and all that we expect to be. And lastly by wholesome association in all legitimate social and civic activities."

The evening sermon was called "Making Good." The text, "So run that ye may obtain." The special music included numbers by the Percy family and a whistling solo by Miss Isgrig.

Auto Club's Members Want Better Highways

At a recent canvassing of approximately 55,000 members of the Automobile club of Southern California it was found that 99.77 per cent of them went on record as being in favor of a resolution adopted by the club's directors, declaring for better highways, more efficient construction and maintenance and the completion of all highways promised by the state of California.

The resolution, the introduction of which outlines the organization's attitude and reasons for taking a stand for better state highways at this time, embodies the following statements:

First—The completion at as early a date as possible of all the highways promised by the state.

Second—The building of such highways of material, etc., that will be superior to or at least the equal of those constructed by any other state.

Third—The preservation of such highways and bridges by the adequate regulation of traffic thereover, and

Fourth—The careful, tireless and efficient maintenance heretofore or hereafter constructed.

The directors and officers of the Automobile Club of Southern California have recently pledged its cooperation and support to the foregoing policy to the end that this state may secure a proper system of highways, and that the taxpayers of the state may secure an adequate return on their highway investments.

When the South Platte river was a raging torrent recently with all bridges washed away, a woman lay dying for lack of medical attention two miles from a physician on the opposite side of the river. When all hope seemed gone the doctor remembered that the postmaster-general had "humanized" his department. He secured a mail airplane and made the trip, receiving the authority afterward.

MAKE 1610 MILES DURING VACATION THROUGH NORTH

Mr. and Mrs. B. F. Cook and Mr. and Mrs. Alfred Land Home From Outing

Mr. and Mrs. B. F. Cook of Cook's confectionery at 128 South Brand boulevard, and Mr. and Mrs. Alfred Land, have returned from a two-week vacation trip which was made in the former's Nash Six. They report doing the 1610 miles of travel over mountains, across rivers, through valleys and all without once having the slightest mechanical or tire trouble, which speaks well for the car.

"In Yosemite we saw any amount of deer," said Mr. Cook. "We took pictures of them and walked right up to a five-point buck feeding on leaves of a fruit tree. They certainly are tame when they know there is no danger of being killed."

The Cook party motored from Glendale to El Portal and then into Yosemite. After spending several days in the park and finding it impossible to leave by the way of Tioga pass, they back-tracked and crossed the valley into Sacramento.

Day at Lake Tahoe

From there they went to Auburn and got to Lake Tahoe by the way of Immigrant's pass. After a day at the lake they followed the American river with its wonderful scenery to Placerville and from there drove to San Francisco.

En route to Glendale the party stopped at Monterey for a night and passed through many other cities, none of which can compare with this city, according to Mrs. Cook.

There is only one thing that Glendale lacks and that is a public park, centrally located, in the opinion of Mrs. Cook who noted the improvement of two score of cities similar to her own home town.

Sovietizing of School Not Aim of Teachers

Denying charges that in inviting school teachers to have a word in the control of those institutions was akin to sovietizing the system, Kemper B. Campbell, an attorney, residing at 1412 South Brand boulevard, writes as follows in a morning newspaper.

"The situation is that Los Angeles invests annually in $9,000,000 worth of brains, and of this it utilizes about $90,000 worth. The teachers have merely asked, in the interest of the welfare of the public schools, the privilege of submitting to the board of education suggestions evolved from years of actual teaching experience. There is no obligation on the part of the board of education to follow these suggestions. They are merely to be rendered available for consideration by the board.

"To make such a plan workable it is, of course, necessary that these matters be presented through regularly recognized teachers' committees. Their interest in this matter is purely altruistic and professional. It has no connection in the remotest degree with salaries.

"Every taxpayer should be interested in making our schools more efficient. It is only our intense loyalty to the cause of education which makes us tolerate for a moment methods now obtaining in the public schools which no business man would allow in the conduct of his private affairs. Public attention has never been boldly directed to the great possibilities of economies through a general campaign for efficiency in the public schools.

"We are now able to enlist in the cause of efficiency 4000 teachers and the opportunity should be welcomed to do so."

Jimmie Adams, Star In Comedies, Injured

Jimime Adams, star of Adams comedies which are being produced at Astra studio here, was painfully injured last Saturday while he was swinging from a chandelier. His left leg was cut by a glass electric light shade to such an extent that it was necessary for Mr. Adams to be removed to the Glendale Sauftarium and Hospital where seven stitches and four metal clamps were used in closing the wound. It will be several days before he will be able to resume work.

Well Satisfied With The News Advertising

Editor The Evening News: It is very pleasing to advise you that since advertising in your paper our business on Buttermilk bread and pastry has increased to such an extent that we are compelled to put on additional help.

This last Saturday we were so swamped with customers that we baked up to 7:30 o'clock and then was unable to supply the demand.

As we have only been in business a very short period we naturally must give your valuable paper credit for this wonderful publicity.

Vast Export Project Outlined by Russians

By CARL D. GROAT
United Press Staff Correspondent

BERLIN—Soviet Russia's committee for export trade has developed a plan for a vast export of natural products.

The list, obtained today from German economic sources interested in developing a Russo-German-English trade, shows the following:—10,000,000 pud petroleum; 5,000,000 pud benzine; 8,500,000 pud naphtha;. 3,500,000 pud lubricating oils; 1,500,000 pud flax; 500,000 pud hemp; 7,000,000 furs; 1,000,000 goat skins; 400,000 horse hides and a quantity of hair.

Note: A pud, sometimes spelled pood, equals 36,112 U. S. pounds.

The United Press informant regarded this as a considerable quantity, especially in view of Russia's generally bad economic situation, and pointed out that the import for which Russia is now clamoring will have to be paid, temporarily at least, mainly with gold.

The soviet government is now preaching everywhere that it cannot upbuild Russia with outside aid. Hence the growth of import business. This year her imports grew considerably over those of 1920, when only one-fortieth of the prewar import was received.

According to amounts sent in, the United States leads the list chiefly with coal and other combustibles, while Germany is second with machines, dyes, metals and metal wares. England, Sweden and Denmark follow. America's participation is constantly increasing.

England's success with Russia has had somewhat of a setback. For instance, Russia recently desired to place an order for 100,000 tons of rails, Germany to furnish 60,000 and England 40,000. The English apportionment was not made, however, for England asked $60 a ton as against the German price of $44.

At this time, there are negotiations with German concerns for locomotives, rails, machinery of various kinds, particularly agricultural.

Wouldn't it be nice if you could just press a button and press your pants? But it's coming some day in the march of progress.

A London merchant has installed an X-ray to make sure shoes fit, and soon absolutely nothing will be left to common sense.

BURBANK IS GIVEN PERMISSION FOR SEWER FARM

State Board of Health Is In Favor of Project; New Bank Secures Permit

The Burbank city council is in receipt of a telegram from the State Board of Health granting that city permission for the establishment of a $140,000 sewer farm. This important message was received last week, and the city clerk was immediately authorized to have sewer bonds for that amount printed to be made ready for sale.

The news was greeted with much enthusiasm and appreciation by the Burbank citizens, as they have been endeavoring to obtain the farm for the past several months.

State Bank for Burbank

The California State Banking department last week granted a permit for the organization of a state bank in Burbank, a group of citizens of that city having put in an application for the franchise several weeks ago. Organization of the bank, which will have a capital of $50,000 and a surplus of $10,000, will begin at once.

A business lot has been obtained by the promoters of the project and is located on one of the city's prominent streets. The proposed new building is to be erected in the near future.

Those interested in the venture are E. J. Whitney, who is organizing the corporation; Dr. E. H. Thompson, E. J. Jackson, George H. Luttge, J. M. Sloan, A. W. Graham, F. A. Goodrich and Paul Martin.

Tabernacle To Be Built

The members of the Van Nuys Church of Christ have recently announced their plans for the immediate erection of a tabernacle in that city. The large structure is being built mainly for a four-weeks' evangelical meeting which will be in September, but it will be used by the regular congregation until next year, when a large, permanent house of worship will be erected.

Heretofore the members of the church, there being over 200, have conducted their services in one of the town halls.

Van Nuys Cleans Streets

C. E. Titus, city engineer of Van Nuys, has recently been appointed to direct the cleaning of the streets of that city which have had sediment deposited on them from the late June rains. A large crew of men is being put to work this week on the proposition.

Evangelistic Party at First Baptist Church

The First Baptist church was visited last night by workers from the Midnight Mission of Los Angeles, who conducted the service. Mr. Lidecoat, the founder of the mission, brought with him his daughter, Mary, and Mr. Hall, together with eighteen musicians, who gave a program of vocal and instrumental music of real merit. The Midnight Mission evangelistic party is visiting the different cities of Southern California, and giving the program in one of the churches. A generous offering for the mission was taken at the close of the meeting.

Texas is capable of marketing annually 4,000,000 tons of wax from a weed known as the candelilla plant. It grows on the poorest kind of soil and a yield of ten tons to the acre is frequently obtained. There are only six factories in Texas manufacturing the wax at this time.

Watching Scoreboard

Yesterday's hero—Ancient George Cutshaw. The Pirate's second baseman tripled in the tenth inning and beat the Giants, 4 to 2.

Red Faber marked up his nineteenth game when the White Sox beat the Red Sox, 1 to 0.

Four doubles, three singles and two passes gave Washington nine runs in the sixth inning and the Indians were beaten, 13 to 2.

Seven runs in the fifth inning retired the collegian, Parks, and gave the Yanks an 8 to 5 victory over the Tigers.

The Athletics dropped a pair to the Browns, 5 to 2 and 6 to 2.

Five runs in the sixth inning enabled the Robins to beat the Cubs, 7 to 5.

Woman Scientist Dies; Received Many Honors

LONDON—Miss Marie Antoinette Czaplika, one of the most noted woman scientists and explorers in the world, died here recently at the age of 34.

Miss Czaplika was born at Warsaw. After leaving the University of Warsaw she studied at London and Oxford. Later she was a lecturer on anthropology at Oxford. She also lectured before many learned societies in England and America. She was a fellow of The Royal Geographical society and last year was awarded the Murchison prize by that society.

Vaudeville Is Proving Big Attraction Here

Meiklejohn & Dunn's vaudeville road show, which plays in the Glendale Theatre here Saturdays with acts from the two greater circuits—Orpheum and Pantages—is proving a big attraction and breaking local house attendance records. Last week the Romanos sisters in a dancing act; Leo Fillier, clown violinist; and Frank Hartley, New York Hippodrome juggler, were certainly star acts and were encored to the echo.

Buick Car Is Used for Vacation Trips

Among those who journeyed into the mountains over the week-end in search of rest, recreation and fish were several parties who used a Buick as their means of safe, sure and speedy locomotion. They were: E. N. Smith, J. H. Franklin, Dr. C. R. Lesbee, Harry McCartney, W. P. Thompson. All are to be gone for from three to six weeks and to various destinations.

BASEBALL SCHEDULE IS POSTPONED BY LOCAL SQUAD

Members of Elks' Team on Vacations, so Play Is Halted for Present

To the disappointment of several hundred local baseball fans the scheduled game which was to have been played here yesterday with Alhambra was forfeited by the Glendale Elks. This action had to be taken by Manager Salmacia when it was found out that over half of his squad was not available for playing, most of them being on their vacation.

With renewed life and vigor after a three-weeks' layoff, Salmacia ordered his henchmen out for practice last Saturday afternoon. But when he found there were only five of his bunch in town the only course for him to take was that of calling the game off.

Suspended Till September

Then, after further consideration, it was decided to suspend baseball operations until some time in September. At present the lure of the beach and mountain resorts is a little too strong for mere ball games to compete with.

From now until their team again enters the Southern California semi-pro ranks the baseball committee of the local Elks lodge will make plans for the organization that will "knock 'em dead."

Plans are also under way for the remodeling and general improvement of the team's home grounds on San Fernando road and Park avenue.

Huge Religious Exodus Is Getting Under Way

By JAMES I. MILLER
United Press Staff Correspondent

BUENOS AIRES, July 18.—The greatest religious exodus since the children of Israel fled from Egypt is just getting under way today. Sixty thousand Mennonites, members of a religious sect which doesn't believe in war, are fleeing to Paraguay from the United States and Canada. They propose to establish their own nation within Paraguay and manufacture and sell goods. United States capital is said to back them.

Members of this sect had trouble during the war with Germany when they objected to going into the American and Canadian armies. So they have decided to shake the dust of those countries off their feet and move to Paraguay.

Fred Engan, a Minnesotan, representing the Mennonites, today obtained an option from the Paraguyan government on 3,000,000 acres. The Paraguayan government yesterday passed a law exempting sons of the Mennonites from military service.

Six representatives of the sect have just completed a tour of several weeks through the territory they propose to settle on. At present it is inhabitated only by Indians and some portions of it have not been visited by whites since 1335 when the Spaniards crossed from Buenos Aires.

The Mennonites representatives say they intend to build railroads and secure an outlet for their products through the Paraguay river. It is reported they are backed by the National City Bank of New York.

Pump Breaks Down Day After Another In Use

For two years the municipal water department has been operating one booster pump at the corner of San Fernando Road and Grand View avenue where the wells are located and not a day has it failed to keep the supply coming into the downtown mains.

Saturday it broke down, but the day before the second pump was put into operation for the first time which insures the city of a sufficient supply these warm days. Had the breakdown occurred ten days previously, according to City Manager T. W. Watson, a serious situation would have confronted Glendale water users.

Wise Wife Proves to Be Equal to Emergency

What kind of a wife should a man choose, the pretty little vase flower who holds up her charming head and inspires her husband with sweet glances and little vanities, or the practical, brainy girl who digs in and helps her husband to fight his battles and to overcome his obstacles?

Sir James M. Barrie makes it quite plain which kind of love is the most enduring, in "What Every Woman Knows," the new William DeMille Paramount picture which was shown at the Palace Grand Theatre yesterday.

The story is laid in England and Scotland and shows how a young politician wins fame and success, unconscious of the fact that his brilliant little wife who types his speeches, is injecting therein the real secret of his popularity. At the height of his career, he falls in love with another woman but the wise wife also proves equal to this emergency and handles the case in a manner that brings happiness and reconciliation. The cast is all-star, including Lois Wilson, Conrad Nagel and others of note.

The picture was received with marked approval by the big audience. It will be seen again today in conjunction with the comedy, "Crowning Torchy," in which Johnny Hines is featured.

W. V. B. Mulligan Busy at His Photo Studio

W. V. B. Mulligan, who has purchased the Isaac studio at 206 East Broadway, is already very busy although he had planned to refrain from soliciting business until he had his studio thoroughly decorated and completed with the latest equipment.

Mr. Mulligan has evolved a formula for the development of films which brings out the maximum results and his work he declares to be the height of possible perfection. In addition to film work Mr. Mulligan will engage in general photography and commercial work. As a boy he was raised in the artistic atmosphere of the studio and his experience will be of value to him here.

Bathing Girls' Parade Pictures at Glendale

In addition to the feature film at the Glendale Theatre today there are pictures of the bathing girl parade at the Elks Day celebration at Redondo beach last week included in the Pathe News views. Topics of the Day and Al St. John in "The Simp" also are on the big bill in which Eva Novak charms in Simp" also are on the big bill in which Eva Novak charms in her her latest Universial photodrama, "Wolves of the North."

The story was written by Norman Dawn and the snow scenes produced in Yosemite National park in the winter where an actual avalanche was filmed. As reproduced on the new crystal bead screen at the Glendale the snow scenes are awe-inspiring.

As Aurora, a school teacher in a desolate Alaskan settlement, the girl finds herself equally sought by two men. One of them is a big fellow with a reputation for evil while the other is a stripling against whom the only indictment is weakness. The climax is perhaps the most dramatic that has ever been screened; but if there was no story, the picture would stand upon its own merits as a magnificent scenic accomplishment.

NO TIME LIKE NOW

The chap who had persisted in walking on the extreme outer edge of the sea wall presently tumbled into the water, and while splashing mightily yelled at the top of his voice:

"Help! Help! I can't swim."

"Well, young fellow," was the cool observation of the self-possessed man who stood looking on. "I'd say that now is certainly the time, if ever, for you to learn."

Infant Death Rate Is Lowest In West, Report

NEW YORK—It is safer to be born in the west than in the east.

The report of the American Child Hygiene association for 1920 lists cities of over 10,000 population according to the number of infant deaths per thousand of population.

Seattle, Washington, is first among cities of over 250,000 with 56, Portland, Ore., following with 60 and San Francisco next with 62.

Among cities between 100,000 and 250,000, Houston, Texas, is safest for babies, with 37, then Spokane, Washington, with 71 and Oakland, California, with 72.

The west holds its supremacy as the region of healthy babies with the three cities in the 50,000 to 100,000 class which have the lowest infant death rate all situated on the Pacific coast. Tacoma, Washington, comes first with 37. Berkeley next with 45, and San Diego, with 52.

Horace Greeley was said to have advised, "Go west, young man, go west." He might change it now to an address to newlyweds.

Highest Dam In World Planned for California

SAN FRANCISCO — More than five million acres of barren desert can be turned into rich farming land by the construction of the proposed Boulder Canyon dam across the Colorado river, according to J. B. Lippincott, reclamation engineer, formerly of the United States geological survey.

The proposed dam, to be the highest in the world, is to be 550 feet high, it is planned. It will be capable of storing 24,000,000 acre feet of water and will develop 1,000,000 horse power, more than the total hydro-electric power now developed by California projects.

Lippincott compares the Colorado river to the Nile in the way the two rivers deposit waste quantities of silt to the lands they irrigate. This silt he says, acts as a fertilizer, and makes the desert soil suitable for the culture of almost any product.

The United States government owns more than 1,000,000 acres in the region which would be transferred into valuable farming land by the consummation of the project.

Millions of army worms or caterpillars in New Bruswick have stripped the trees of foliage in many places. The railroad tracks are covered by these worms on certain sections and they grease the rails so badly that freight trains are having difficulty getting over the road and passenger trains are run in two sections.

New Budget Director Already Has Boomlet

By L. C. MARTIN
United Press Staff Correspondent

WASHINGTON—The July sun is not hot here. But it is never too hot to discourage political hopefuls from setting out little political boomlets, in the hope that the ardent rays will help give them a sturdy growth.

Such a boomlet has been planted, with the quadrennial exhibition of hand-raised booms some four years hence in mind. Right now it is a spindling tenuous plant, but its planters are tenderly caring for it, and have great hopes.

"Hell-and-Maria Dawes" for President is the name of the boomlet. Hell-and-Maria, you'll remember, is director of the budget, otherwise known as business manager of the government. He's been told to make Uncle Sam economical, to keep congress from going on appropriation sprees, and the federal departments from acting like drunken sailors with their pockets full of gold.

You'll remember, too, how "Hell-and-Maria" got his sobriquet. He coined it himself when in testifying about war conditions before a congressional committee, he used language more pungent than elegant. Now that he's gone into action on the budget, some of his friends are predicting he will make himself the biggest figure in the country in a few years, and will be the logical man for the G. O. P. nomination one of these days, after Warren G. Harding has no further use for said nomination.

Dawes, they'll tell you, is a composite of Billy Sunday and T. R., in action. He's full of pep, vim and vigor. He loves plain talk, and is withal a two-fisted chap when he meets opposition. He'll talk back to congressmen, senators, cabinet members and presidents, without regard for consequences, when he thinks they need talking back to. He is an up-and-coming person who should be watched, for he's going to land somewhere, his earnest boosters say.

Marshal Foch Coming to U. S. In October

PARIS—Marshal Foch is looking forward eagerly to his visit to America in October. Ever since he led American troops in battle he has been anxious to visit the land that sent them over the Atlantic to fight in France, he said.

"Marshal Foch will attempt to visit every state," said the marshal's aide, "though naturally he can stop in only the large cities.

The marshal's itinerary includes October 31 in Kansas City and Armistice Day in Washington.

Changes In Government Bureaus Harding's Plan

By RAYMOND CLAPPER
United Press Staff Correspondent

WASHINGTON, July 18.—President Harding is about ready to submit to his cabinet a tentative scheme for re-grouping of the government bureaus. This plan is expected to include the following recommendations:

Creation of a department of public welfare.

Transfer of the prohibition enforcement machinery from the treasury department to the department of justice.

Consolidation of all secret service activities under the department of justice.

Re-location or possible splitting up of the bureau of fisheries.

The plan, which is being drafted under President Harding's direction by Walter F. Brown, will be revised by the cabinet and submitted to the joint congressional committee on reorganization, which, in turn, will make additional changes and then introduce it in both houses of congress for further consideration.

The committee is giving serious consideration to the proposal to create a secretary of national defense, who would head both the army and navy departments. Expected opposition to this proposal may result in this plan being held in abeyance until a later date.

Consolidation of the aircraft services is another reform which will be vigorously espoused by the president in the reorganization program. President Harding feels that the army and navy aviation activities overlap in many respects.

Pierson Hanning Is Back From Trip East

Pierson Hanning, proprietor of a tonsorial parlor at 112 North Brand boulevard, has returned from a trip to Hutchinson, Kan., where he visited his mother. He also visited Bucklin, Kan., and Kaw, Okla. The wheat crop has never been better, he says, and this in the face of low prices. However, harvesting is being pressed forward and the prospects for a bumper corn crop have been made better by recent rains.

On his return trip to Glendale Mr. Hanning visited his ranch at Tucumcari, N. M., and reports that the state is putting in gravel highways. Wheat is now being raised on the plains and conditions are fair there.

THE CANDID HOSTESS

"Do make yourself at home, ladies," said the fluttering bride when a group of friends called to congratulate her on her marriage. "I'm at home now and I want you all to be."
